### IT'S COMING . . . WE'RE USING AN APP TO COMMUNICATE WITH YOU.

Have you recently seen our new school website? We have updated our information and added some colourful photos to capture the exciting changes occurring around our school. But . . . there's more! From the beginning of next term, we will be discontinuing with the C.S.P.S app and connecting to an app able to link with our school website, Qkr, School Interviews Online as well as notify you of news, messages and events. More detailed information and instructions on how to download the information from the new app will be sent home in the coming weeks.

### PRINCIPAL'S REPORT

#### WELCOME PICNIC

We had great luck with the weather for the Family Picnic which turned out to be another terrific night for all! I'd like to thank so many families for attending the night and making it such a success. The annual picnic is really a lovely way to welcome new families to our school and lots of people commented about what a terrific opportunity it was for everyone to get together, have fun and relax at school.

#### SCHOOL LEADERS

Congratulations to all Year 6 students who had the enthusiasm and courage to put themselves forward for the role of House Captain this year. It is a great learning experience for all those who had a go. Congratulations to the following students who will be our House Captains for 2016.

## **STUDENT SAFETY**

Student safety is of the utmost importance and it concerns me greatly when our children's safety is unnecessarily put at risk. I heard yet another story from a parent who was very upset this morning by our own parent driver attitudes and behaviours in Bundeera Rd. This is a constant cause for concern at our school and, although parents are often under much pressure, when we stand back and think about the consequences of letting this translate into putting our children in danger, I know parents will all agree; the thought of a child being injured or killed as a result of rushing or carelessness, is nothing short of horrifying. Children should NEVER alight from a car onto the road from the driver's side of the car and this happened on at least two occasions this morning. I appeal to all parents who drive their children to school to stop and think about the consequences that may result from their own driver behaviours. Just weeks ago, there was the tragedy at a school in Brighton that resulted in death. Please help to ensure no child or adult is injured or worse under our watch in our community. Thank you for your mindful consideration of this issue.

Another safety reminder to everyone is that students should not arrive at school prior to 8.45am (when there is a teacher in the playground on duty) unless they are attending Before School Care or they are in the care of an authorised adult. Similarly, all children should be in the care of a parent/carer if they are still at school after 3.45pm, when the teacher goes off duty. If children are observed unaccompanied by an adult outside the designated school supervision times, they will be taken into the Outside School Hours Care program to ensure their safety. Any cost resulting will be the responsibility of the parent.

## **SWIMMING YEARS 3-6**

Swimming lessons are now underway and will continue over the next week and a half. We have been very lucky with the favourable weather which will hopefully assist in regular student attendance. We provide an 'intensive swimming program', the success of which relies upon the children attending all lessons to gain maximum benefit. As part of the Physical Education curriculum, children are expected to attend and a doctor's certificate is requested should illness prevent a child from participating. Due to the costs incurred once the program is underway, we are unable to refund any money for non-attendance. I would like to thank parents for their cooperation in ensuring regular attendance at all times, but particularly to maximize the outcomes for children during the swimming program.

## **PRINCIPALS' CONFERENCE**

Gill Bartholomeusz and I will attend the Inner South Region Principals' Conference in the latter part of next week which has the theme of 'Reimagining Education'. We will have the opportunity to hear and learn from speakers who are at the forefront of 'reimagining' education for a future where so much is unknown, in a world filled with ambiguity. This conference will complement the work of our own State Education reform agenda: 'The Education State', where we are using the latest research on student learning and global best-practice to assist our efforts to focus on key areas that are known to have the greatest impact on school improvement. We are in interesting times as we wrangle with a world that is so rapidly changing, while trying to ensure our children develop the skills and attitudes required to navigate that world, with the best possible outcomes. Challenging indeed!

## **PARENTS' ASSOCIATION**

I would like to thank the parents who have attended the PA Annual General Meeting and those who attended the Class Representative meeting last Friday. Parents play such a crucial role in supporting the school in so many ways, all contributing towards the benefit of our children. Between the PA and School Council we have made some wonderful improvements for our children's learning environments.

## **SCHOOL REVIEW 2016**

Contributing ideas and opinions about CSPS in the year of our School Review is important as it helps us to gain insight into our community's attitudes and wishes for the future of our school. This will all help to inform our new Strategic Plan. In the last School News, parents were

asked for their opinions to help with our self-evaluation by answering a couple of questions. Today, I include another question for your consideration and response, either by returning a written response directly to the school office or by emailing your response to the school email: [caulfield.south.ps@edumail.vic.gov.au](mailto:caulfield.south.ps@edumail.vic.gov.au)

Responses to the last two questions are still welcome to be returned.

### **Question 3**

***How effective was the Transition Program for your family, when you enrolled your child at CSPS either in Prep or in another year level? Do you have any suggestions that would assist in the transition process?***

1. Why did you choose to send your child/ren to Caulfield South PS?
2. If your child/ren has/have been at CSPS for more than one year, why have you kept your child/ren at the school?

## **SCHOOL COUNCIL**

School Council elections closed two weeks ago with four parent nominations/renomination for the four vacancies advertised. I congratulate and thank those parents who nominated. Two are returning Council Members, Rosy Renwick and Olivia Sack and we have two new parent members who we welcome, in Lance Gordon and Eli Staub. All School Council positions will be published in the newsletter after the March 16<sup>th</sup> meeting when all the 2016 roles will be decided. I am very grateful for the work of our parent and teacher School Council representatives.

## **CHROMEBOOK CORNER**

### **Online Safety**

Student leadership roles such as peer mediator, classroom mentor, and prep mentor roles promote student safety and wellbeing. However, when it comes to student safety online, we believe that a unified approach is the only way to effectively support our students navigating this digital world through shared common goals and values.

I believe that knowledge is power and as such, we all need to be more aware of what our children are doing online. To support you in developing a greater understanding of these practices and complex issues, I would again like to make everyone aware of the Cybersmart resource. Cybersmart is a national cybersafety and cybersecurity education program managed by the Australian Communications and Media Authority (ACMA), as part of the Australian Government's commitment to cybersafety. The program is specifically designed to meet the needs of its target audiences of children, young people, parents, teachers and library staff. The link below will take you directly to the parent information page where carers can find a wealth of information and strategies to support you to deal with these issues appropriately.

<http://www.cybersmart.gov.au/Parents.aspx>

The Cybersmart resource has FAQ pages about the the most commonly used applications by children and young people. Please follow the link below to find out more about these:

<http://www.cybersmart.gov.au/Parents/About%20the%20technology.aspx>

Being online is a great way of connecting with people, gathering knowledge, sharing information and taking action. There is never a better time than right now to support your children navigating this world and working with them to instil safe and effective online behaviours.

Keeping your children safe online is easier with a few simple precautions. Nothing replaces parental supervision and education for children about cybersafety.

1. Set a technology curfew.
2. Remind your child to never give out identifying information such as your home address, school name or telephone number in a public message such as chat or newsgroups.
3. If your child posts photos online, use privacy settings to limit access to people they know well.
4. Remind your child that people don't always tell the truth online, and they can't take anything at face value.
5. Reassure your child that they can tell you anything, without fear of losing the laptop or internet access.
6. If they get a message or email that's threatening or rude, they should 'STOP, BLOCK, TELL'. First step is to tell your child to stop responding to the abuse and then block those people sending threatening or rude messages if they continue. Let your child know that if they are being bullied, or know someone else who is, they should tell a trusted adult.
7. Never click on any links that are contained in emails from people they don't know. As well as sexual content, they could contain a computer virus.
8. If you suspect your child has been contacted by a predator, try to save a copy of the chat log (or whatever form the contact takes) for evidence. Call [Crime Stoppers](http://www.crimestoppers.nz) 24-hour line 1800 333 000 to make a formal complaint.
9. Your child will be using computers and the technology for the rest of their lives – you're in the great position of being able to get them off to a safe, positive start.

Further advice is available in the Parents' guide to online behaviour, which can be found in softcopy via this link, ([http://www.cybersmart.gov.au/Parents/Resources/~media/Cybersmart/Parents/Documents/Parents\\_guide\\_to\\_online\\_safety.pdf](http://www.cybersmart.gov.au/Parents/Resources/~media/Cybersmart/Parents/Documents/Parents_guide_to_online_safety.pdf)), or hard copies are also available in the school foyer.

### PERSONAL PROPERTY BROUGHT TO SCHOOL

Personal property is often brought to school by students, staff and visitors. This can include mobile phones, electronic games, calculators, toys, musical instruments, sporting equipment, and cars parked on school premises. The Department does not hold insurance for personal property brought to schools and it has no capacity to pay for any loss or damage to such property. Parents/guardians are advised that, under Department guidelines, students are discouraged from bringing any unnecessary or particularly valuable items to school and we would appreciate parent assistance in following these guidelines.

## **National Ride2School Day –** **Friday 4<sup>th</sup> March 2016!**

CSPS encourages our students to exercise to school because:

- Students feel fresh and alert at the beginning of a school day.
- There are fewer cars around the school which eases 'drop off congestion'.
  - Students are more likely to reach the recommended 60 minutes of physical activity they need each day (which also supports the Premier's Active April).
- Students feel happier, healthier and perform better in the classroom.

Parents can join in the fun by walking, scooting or riding with students. Those who need to drive due to location can simply leave a little earlier, park nearby & exercise the rest ☺

**All students on bikes or scooters are required to wear helmets.**
